Playing with function and sculptural form
Alentes presents these display trays.
The elegant silhouettes of these trays bring an
architectural tone to any setting.

They are designed to be matched with finishes in unity
with lighting and accessories from the Alentes collection

Made from our own aggregate of stone, marble and cement.
Mixed and poured by hand, the objects cure
and sealed with a protective coating.

High in durability, these objects are near care-free.
Slight variations in size and color are due to the use of natural materials
and to the handmade nature of our products - each is unique.

The MUSHROOM TRAYS come in two sizes.
