moon

table mirror

extra white | velvet grey | deep black
clear mirror | brass mirror | copper mirror

Minimalistic and sculptural,
this composition of two materials and shapes
makes a bold yet soulful statement.

Its simple and distinctive silhouette brings
an architectural tone to an interior.

The warm tones of the cement cast base
combined with the hard surface of the mirror
make it a perfect fit for both a classic and a modern setting.

Made from our own aggregate of stone, marble and cement.

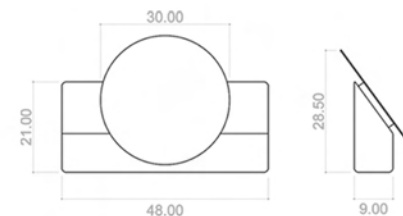

High in durability, this object is near care-free.

Slight variations in size and color are due to the use of natural materials
and to the handmade nature of our products - each is unique.

The MOON table mirror comes in a series of combinations
of warm colored pedestal bases and striking colored mirrors.

The MOON table mirror comes in one size,
and is assembled and ready to be placed.
