contemporary side and accent tables

white | black

Simple and elegant,  
these objects can be used as side, end or accent tables,  
in pairs or alone. Suitable for indoors and outdoors.

This modern and architectural side table  
is handcrafted in our workshop.

Made from our own aggregate of stone, marble and cement.  
Mixed and poured by hand, the tables are then assembled and  
sealed with a protective coating. High in durability, these objects are  
near care-free. Slight variations in size and color are due to the use  
of natural materials and to the handmade nature of our products  
- each is unique. All our cement casting furniture are treated  
with a specialized matte varnish which makes surfaces non-absorbant  
thus making them suitable of outdoor use.

The POISE TABLE comes in two sizes,  
and ready to be placed.
