contemporary side and accent tables

extra white | velvet grey | deep black

Simple and elegant,
these objects can be used as side, end or accent tables,
in pairs or alone. Suitable for indoors and outdoors.

This modern and architectural side table
is handcrafted in our workshop.
This piece is designed to be matched with finishes in unity
with lighting and accessories from the Alentes collection.

Made from our own aggregate of stone, marble and cement.
Mixed and poured by hand, the tables are then assembled and
sealed with a protective coating. High in durability, these objects are
near care-free. Slight variations in size and color are due to the use
of natural materials and to the handmade nature of our products
- each is unique. All our cement casting furniture are treated
with a specialized matte varnish which makes surfaces non-absorbant
thus making them suitable of outdoor use. They come in two sizes,

handmade + high quality
