essential details

plinth solid

minimal accent tables

soft white | deep black

Minimal and sculptural, this elegant plinth can be used for the display of objects and accessories or as an occasional table, a cocktail table or garden side table.

Its raw, organic shape makes it a decorative piece which is exploring sculptural function and form.

This piece is designed to be matched with finishes in unity with lighting and accessories from the Alentes collection.

Made from our own aggregate of stone, marble and cement.

Mixed and poured by hand, the object cures and is then assembled and sealed with a protective coating.

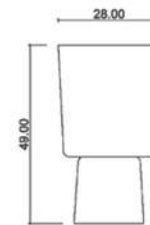

High in durability, this table is near care-free.

Slight variations in size and color are due to the use of natural materials and to the handmade nature of our products - each is unique.

All our cement casting furniture are treated with a specialized matte varnish which makes surfaces non-absorbant thus making them suitable of outdoor use - place under covered area, standing water not recommended.

The PLINTH SOLID tables come in one size and come assembled ready to be placed.
