Top: white with white marble specs | black with black marble specs

Very refined matte varnish

MATERIAL

Made from our own aggregate of stone, marble and cement. Mixed and poured by hand, the table is assembled and sealed with a specialized highly protective coating, which makes the surface non-absorbent and spill resistant. The table can also be used outdoors, and as any natural material, it is recommended to be placed under covered area where there is no standing water. Slight variations in size and color are due to the use of natural materials and to the handmade nature of our products - each is unique. The FEMME table comes in one size and ready to be placed.
